The City Council's adopted budget for fiscal year 2012-2013 totals \$540,270,981 and will be financed from tax revenue of \$251,238,853 and \$289,032,128 in non-tax revenue. Tax revenue includes the current tax levy of \$232,288,853. The estimated October 1, 2011 taxable Grand List prepared by the City Assessor in accordance with Connecticut General Statutes, is \$3,417,940,335. An estimated collection rate of 93.95% will require a tax levy of 74.29 mills, or \$74.29 on each \$1,000 of assessed value. At this collection rate of 93.95%, the value of a mill is approximately \$3,211,155.

A tax analysis chart is included on page 6-3 of the budget book. The chart summarizes the calculation of the tax rate and outlines the actual and estimated adjustments made to the gross tax levy in order to arrive at the current tax budget line item. Adjustments reflect legal additions and deletions, decisions of the Board of Assessment Appeals, abatements for elderly tax relief, and those adjustments approved by the Committee on Tax Abatement as well as adjustments to the levy made necessary by tax appeal settlements.

Non-tax revenue includes income from licenses and permits, fines, forfeits and penalties, revenue from money and property, intergovernmental revenue, charges for services, reimbursements, and other revenues.

General Fund revenue in the City Council's adopted budget for fiscal year 2012-2013 is projected to decrease by approximately \$7.6 million from the revised budget for 2011-2012 fiscal year amount of \$547,836,766. This decrease of 1.38% is primarily due to the Mayor's and Common Council's initiative to reduce the expenditure budget despite increases due to contractual obligations and pension costs and in order to meet the challenges presented by the current downturn in the federal, state, and local economies.

With approximately 49.1% of the City's revenue coming from intergovernmental revenues (state and federal grants), budgetary deliberations at the state and federal levels impact the City's revenue stream and its ability to provide services to the community and those that come to the City to work and enjoy the many cultural, recreational, and other activities; along with basic services, including medical, educational and other support services.

The business personal property net grand list fell to \$636,332,920, a decrease of 4.1% from last year. #### How Your Hartford Property Taxes Are Calculated

For tax purposes, State Law requires that municipalities assess all property at 70% of its current fair market value. However, Hartford has received authority to assess residential real estate and apartments at lower assessment rates in order to regulate the shift in property tax burden to these types of property following revaluations. These ratios have been established - the residential rate will be 29.2% and the apartment rate will be 50%. Commercial and industrial real estate, business personal property, and motor vehicles are assessed at 70%. The resulting assessment is multiplied by the mill rate to produce the original tax.

## Other Local Taxes

Prior to the 2009-2010 budget, real estate conveyance tax was included in a budget category referred to as "other local taxes". Effective for the 2009-2010 budget fiscal year, these Connecticut General Statute fees (Section 12-494(a)) have been moved to the "charges for services" budget category. Prior year(s) comparative information has not been restated to reflect this budget presentation change.

**LICENSES & PERMITS**

Non-Business licenses & permits, including building and trade permit income are currently estimated to increase by \$588,950 from the revised budget for 2011-2012. Licenses and permits associated with establishing new apartments at Coltsville and the old Sonesta/Clarion Hotel is expected to soften the downward trend in permit income during the 2012-2013 fiscal year. The current volatility in the economy directly impacts this revenue category.

Revenue in this category is derived from three sources: investment earnings, rental income from City-owned property and income from development property - the City is a partner or owned the land on which the development was constructed. The City Council's adopted budget for fiscal year 2012-2013 reflects a decrease of \$2,943,839 from the 2011-2012 revised budget.

### Income from the Use of Property

Income from the use of City-owned property is expected to decrease by \$286,918 from the revised budget for fiscal year 2011-2012. This is primarily attributed to the decrease of rental income for the rent reimbursement from the Pension Commission for their portion of the operating expenses at Constitution Plaza.

### Income from Development Property

Revenue in this category has a net decrease of \$2,778,921. The lease expiration on property known as the XL Center accounts for \$2.7 million of the projected decrease.

## INTERGOVERNMENTAL REVENUE

The City Council's adopted budget for fiscal year 2012-2013 estimates revenue in this category will increase by approximately \$13 million from the 2011-2012 revised budget. The increase is primarily attributed to the reimbursement of \$12.2 million dollars which is due from the State of Connecticut for school construction projects which are fully completed.

### Federal Grants-in-aid

This category represents the Federal Emergency Management Association (FEMA) reimbursement for homeland security. The City Council's adopted budget for fiscal year 2012-2013 includes a projection of \$60,000.

### State Grants-in-aid

The City Council's adopted budget for fiscal year 2012-2013 includes revenue estimates for State grants-in-aid as set forth in the most recent State budget. State grants-in-aid reflect a net increase of \$13.3 million as compared to the 2011-2012 revised budget. The net increase is mostly due to reimbursements of \$12.2 million dollars for prior school building construction costs and \$700,000 for the Property Tax Relief Grant which is funded by the increase in the sales, luxury and conveyance tax from the state. The additional \$4.8 million dollars which is available for Education Cost Sharing to the Hartford Board of Education through competitive funding from the state has not been included in our revenue estimates for fiscal year 2012-2013.

### Payment-in-lieu of Taxes

Payment-in-lieu of taxes (PILOT) revenue in the City Council's adopted budget for fiscal year 2012-2013 represents a net decrease from the 2011-2012 revised budget from \$46.4 million to \$46 million. Major decreases in this category include the PILOT for Connecticut Resources Recovery Authority (CRRA) which is due to expire in November of 2012. Voluntary Payments from tax-exempt institutions was budgeted for \$1 million dollars in the City Council's adopted budget for fiscal year 2012-2013.

### Shared Taxes

\* Prior to the 2009-2010 fiscal year budget, the debt service for Morgan Street Parking Facilities was budgeted in the General Fund. Beginning in 2009-2010, the Hartford Parking Facilities Enterprise Fund pays the debt service and the General Fund revenue budget will include only the net revenue generated by the Hartford Parking Authority, which passes through the Hartford Parking Facilities Enterprise Fund. In fiscal year 2012-2013 the Hartford Parking Authority will implement a strategy to increase its market share and competitiveness by allowing it to engage in long-term parking contracts.

## ESTIMATED AND ACTUAL USE OF GENERAL FUND - FUND BALANCE (CASH SURPLUS)

Financing the City Council's adopted budget for fiscal year 2012-2013 will not require an allocation from the City's General Fund – unassigned fund balance (prior year cash surplus). As presented, the City Council's adopted budget for fiscal year 2012-2013 presents a balanced relationship between projected revenues and estimated expenditures.

The City Council, through a resolution, assigned an additional \$11,000,000 in MERF pension contributions over and above the \$20,000,000 already included in the Adopted Budget. This additional amount will be funded first by any favorable variance to budget associated with revenues then, if needed, by tapping into the undesignated fund balance.
